

STANDARD

N-P-K 3-3-3

55 lb.

ORGApplus® is a high quality natural organic fertilizer which means optimal health and growth for your plants and lawn. ORGApplus® natural fertilizer granules provides an answer for the environmental way to fertilize your garden and lawn. ORGApplus® is produced by a sophisticated composting process in which several natural organic materials (such as manure, Plant: vegetable matter etc.) are composted so that ORGApplus® can establish the natural cycle of minerals. The unique ORGApplus® manufacturing process is patented (Number: 1013525)

PRODUCT BENEFITS:

- No burning of crops, lawns or plants
- Better soil structure due to the increased organic content
- Increased bacterial activity in the soil
- Long lasting and high availability of minerals
- No leaching of minerals into the groundwater
- Environmentally and ecologically friendly
- Contains a rich amount of trace-elements
- Contains no weed seeds or pathogens
- Usable year round in all climate zones
